NATION'S RAIL ROADS TO BE CONSOLIDATED INTO 19 SYSTEMS

Revolution Is Seen in Railways Under Proposed Changes

Washington.—The Interstate Commerce commission announced Wednesday tentative plans for the consolidation of all major railroads of the United States into 19 systems and gave notice that hearings would be called on the project in the near future. The proposed consolidation was authorized by the transportation act.

In the main, the plan proposed by the commission is that drafted under its direction by Prof. Wm. Z. Ripley, Harvard University, but some variations were made. The commission said that while all of the larger or class 1 railroads will be included in the make up of its schedule, a number of class 2 and class 3 lines had also been covered.

The following consolidated systems are proposed by the commission:

Eastern Lines in Big System.
Number 1—The New York Central, including the Cleveland, Cincinnati, Chicago and St. Louis; Monongahela; Boston and Maine; Bangor and Arctostict and others.

Number 2—Pennsylvania, including Toledo, Peoria and Western; Long Island; Monongahela; as an alternative to the inclusion of that road in the New York Central system and others.

Number 3—Baltimore and Ohio; Reading; New York, New Haven and Hartford; Lehigh and Hudson and others.

Number 4—Chicago and Erie; Delaware, Lackawanna and Western; Bossmore and Lake Erie; Wash. Lines east of the Missouri and others.

Number 5—Lehigh Valley, New York, Chicago and St. Louis; Pittsburgh and West Virginia and others.

Number 6—Pere Marquette, Ann Arbor and others.

Number 7—New York, New Haven and Hartford; Boston and Maine; Bangor and Arctostict and others.

Number 8—Chicago and Erie; Delaware, Lackawanna and Western; Bossmore and Lake Erie; Wash. Lines east of the Missouri and others.

Number 9—Norfolk and Western; Norfolk Southern; New Orleans, Great Northern and Alabama, and others.

Number 10—Atlantic Coast Line, Norfolk Southern; Florida, East Coast; Mississippi Central; Carolina and others.

Number 11—Chicago and Erie; Delaware, Lackawanna and Western; Bossmore and Lake Erie; Wash. Lines east of the Missouri and others.

Number 12—Chicago and Erie; Delaware, Lackawanna and Western; Bossmore and Lake Erie; Wash. Lines east of the Missouri and others.

Number 13—Chicago and Erie; Delaware, Lackawanna and Western; Bossmore and Lake Erie; Wash. Lines east of the Missouri and others.

Number 14—Chicago and Erie; Delaware, Lackawanna and Western; Bossmore and Lake Erie; Wash. Lines east of the Missouri and others.

Number 15—Chicago and Erie; Delaware, Lackawanna and Western; Bossmore and Lake Erie; Wash. Lines east of the Missouri and others.

Number 16—Chicago and Erie; Delaware, Lackawanna and Western; Bossmore and Lake Erie; Wash. Lines east of the Missouri and others.

Number 17—Chicago and Erie; Delaware, Lackawanna and Western; Bossmore and Lake Erie; Wash. Lines east of the Missouri and others.

Number 18—Chicago and Erie; Delaware, Lackawanna and Western; Bossmore and Lake Erie; Wash. Lines east of the Missouri and others.

Number 19—Chicago and Erie; Delaware, Lackawanna and Western; Bossmore and Lake Erie; Wash. Lines east of the Missouri and others.

Number 20—Chicago and Erie; Delaware, Lackawanna and Western; Bossmore and Lake Erie; Wash. Lines east of the Missouri and others.

Number 21—Chicago and Erie; Delaware, Lackawanna and Western; Bossmore and Lake Erie; Wash. Lines east of the Missouri and others.

THREATEN ACTION AGAINST FARMERS WHO BOLTED POOL

MILK PRODUCERS' ASS'N MAY TAKE CASES TO COURT.

1,000 AFFECTED Plan Retail Milk Selling in Chicago in November.

Branch of contract suits are threatened in October by the Chicago Cooperative Marketing company and Milk Producers' association against all farmers who bolted from the milk pool during the last six months.

Announcement of the plan to sue was made during the executive committee meeting of the association and cooperative company in Chicago which ended Tuesday night.

It is claimed that all members who signed the contract agreed to accept the prices set, follow the contract and remain members, delivering their milk under association rules, regardless of spread charges.

Paying Off Debts. Such a legal action would affect nearly 1,000 milk producers in the vicinity of Rock county as well as several hundred in the county. Claims are made that non-members who bolted received the same high prices as members who stayed in and did not bear the burden of spread charges.

Reports made during the meeting Monday and Tuesday indicate that the company is so confident that all the milk will be paid by November 1. The marketing company will borrow \$50,000 to make the last payment of its plants in St. Charles and Chicago, Ill. This is declared to be the last debt of the company's books for \$500,000 worth of property.

To Open Retail Plant. Resolutions were passed for the marketing company to start doing business in Chicago in November. They will seek to compete with the private milk retailers in sale to homes, restaurants and stores, setting a lower price.

A. W. Wassman, new sales manager of the marketing company, William Taubert, in charge of distribution and John Lamos, auditor, will speak during a meeting in the Beaumont hotel at 10 o'clock Wednesday night.

Resignations of E. Rockwell, secretary and Frank Holt, president, from the association, are expected. A resolution offered by R. K. Overton, director from Rock county, was adopted, calling for the resignation of the other directors "or get out."

A second resolution passed was based on the question raised as to the legality of previous meetings resulting in a split among the leaders and management.

"That the sentiment of this meeting is that we believe the past meetings in question should be ratified and approved, and that we sincerely trust that from now on, the officers and directors of the Milk Producers' cooperative company will conduct their business in accordance with the principles of cooperation which they expect the mass of milk producers to practice."

This resolution was passed 104 to 43.

The direction of the marketing company now falls into the committee composed of C. D. Wing, A. Stoen, T. E. Keene and J. T. Willick.

The October price for milk, it was declared, will be slightly higher than that paid in September.

Los Angeles in Move to Purge Film

Los Angeles—Fight for cleaner motion pictures, marked by threats that some motion picture companies might leave southern California if hampered, reached a climax when the city council voted Tuesday to instruct the city attorney to prepare an ordinance creating a motion picture commission to regulate exhibition of films here.

Opponents of censorship protested that such action "would sound the death knell" for the motion picture industry here.

Proponents asserted it was necessary that the menace to American childhood in uncensored pictures be removed.

UNEMPLOYMENT AID IS CABINET TOPIC

London.—Various proposals for relieving unemployment in Great Britain were discussed by a committee of the British cabinet Tuesday. A plan to revive home and export trade by the extension of credits was taken up. Unofficial reports assert antagonism has developed between certain departments of the government and the representatives of the treasury, who are striving to cut down expenses.

DESPOUND FARMER COMITS SUICIDE

Iron Mountain, Mich.—Pete Marchant, 54, farmer, Niagara, Wis., committed suicide early Wednesday by shooting himself in the head. Despondency over domestic troubles was given as the cause.

Scene of Brooklyn's Double Tragedy; the Victim, the Suicide, the Witness

John P. Borland, Mrs. Grace Lawes (left), Miss Mildred Hansen, and scene of the double tragedy. Arrow points to spot where Mrs. Lawes crouched when she did the shooting.

Miss Mildred E. Hansen, daughter of the late Alfred P. Hansen, the slain man, and her former friend, Mrs. Grace Lawes, are both dead.

Thanks to the true aim of Mrs. Lawes, who killed herself in Brooklyn, N. Y., last Friday afternoon, the crime "Mrs. Lawes was a divorcee."

ing and fatally wounding Miss Hansen. At the time of the tragedy Miss Hansen was in the company of John P. Borland. It is believed that jealousy over the man was the cause of the crime.

After the tax bill is passed Senator Penrose plans to have the committee report on the permanent tariff bill. Since it is now practically certain that this measure will not be brought out until the regular session, there is discussion of continuing the emergency tariff law until the permanent act is passed.

The emergency law expires on November 27 and representatives of agricultural interests already have asked the emergency committee report a bill continuing its life.

Senator Penrose hopes to have, within two or three weeks, some of the data now being assembled by experts on the plan to fix the American valuation of imports as the basis for determining the duties, but all of it probably will not be in hand for several weeks or two months. Hearings on the tariff measure probably will be resumed late next month or early in November.

Analysis of Janesville City Government

Prepared for the Janesville Daily-Gazette, by Gaylord Cummin, C. E., Institute of Public Service, N. Y. City.

In today's installment of the report of Gaylord Cummin on the city government of Janesville, the matter of storm sewers is discussed. It will be found interesting to taxpayers. Also that we are not getting a dollar of value for the street maintenance work is clearly shown. It will be remembered that the street flusher and street sprinkling was the cause of a protest of the merchants of Janesville last summer. Mr. Cummin shows the position of the merchants to have been correct. The slipshod manner of street cleaning, the use of a high cost flusher as a sprinkler, and the fact that the streets are not cleaned even then is clearly brought out.

Thursday the matter of the street lighting will be taken up and it will be shown how the cost has been doubled without half the result which by good management could have been obtained. In other words we could have twice the light at the same cost.

VII—STREET CLEANING.

The total cost of Janesville street cleaning is hard to determine because part is derived from special assessments, part is not charged to accounts and no costs are kept. It would seem that it is costing not less than \$8,500, but the streets are not clean, A LARGE PART OF THE MONEY SPENT BEING WASTED. Two general methods are in use, namely, "flushing" and "pick-up men."

The city of Janesville recently purchased a modern flusher mounted on a truck for \$7,500. This is not the right type of apparatus for use in the city. In the first place, the lack of storm sewers would make it necessary to use broom men and pick-up wagons, following flushing, to collect the dirt.

Los Angeles in Move to Purge Film

Los Angeles—Fight for cleaner motion pictures, marked by threats that some motion picture companies might leave southern California if hampered, reached a climax when the city council voted Tuesday to instruct the city attorney to prepare an ordinance creating a motion picture commission to regulate exhibition of films here.

Opponents of censorship protested that such action "would sound the death knell" for the motion picture industry here.

Proponents asserted it was necessary that the menace to American childhood in uncensored pictures be removed.

UNEMPLOYMENT AID IS CABINET TOPIC

London.—Various proposals for relieving unemployment in Great Britain were discussed by a committee of the British cabinet Tuesday. A plan to revive home and export trade by the extension of credits was taken up. Unofficial reports assert antagonism has developed between certain departments of the government and the representatives of the treasury, who are striving to cut down expenses.

DESPOUND FARMER COMITS SUICIDE

Iron Mountain, Mich.—Pete Marchant, 54, farmer, Niagara, Wis., committed suicide early Wednesday by shooting himself in the head. Despondency over domestic troubles was given as the cause.

SENATORS PLAN TO PUSH ACTION FOR VOTE ON TREATIES

DAY AND NIGHT SESSIONS OF UPPER HOUSE URGED.

HURRY TAX BILL

Other Measures of Importance Awaiting Turn; Committee on Edge.

Washington.—With a view to expediting action on the peace treaties with Germany, Austria, and Hungary, and tax revision legislation, republican leaders planned Wednesday to put through a program calling not only for night sessions of the senate, but for the beginning of the day session an hour earlier than usual. The tax bill would be considered during the day and the treaties at night.

There is a desire to dispose of the conference on the limitation of armaments and since the three pacific measures are being pushed, leaders plan to lose no time in getting their consideration duly underway.

Pushing Tax Bill

Chairman Penrose of the finance committee is determined to push the tax bill as fast as possible. He still is hopeful that it can be put through with two weeks consideration.

Opposition to some features apparently has been taken on a wider range than at first was anticipated. Aside from the tax measure and the treaties, many other measures of importance are awaiting action before the beginning of the regular session, early in December. There is an agreement to vote on the Panama canal tolls before Oct. 10 and Senator Sterling, republican, South Dakota, in charge of the beer bill, has given notice that after the tax bill and the treaties are out of the way, he will insist that the emergency tariff measure be disposed of without interruption.

Other matters pending including railroad refunding bill and the measure authorizing the secretary of the treasury to draw into the time account the debts owed the United States by its former associates in the world war.

Tax Bill Next

After the tax bill is passed Senator Penrose plans to have the committee report on the permanent tariff bill. Since it is now practically certain that this measure will not be brought out until the regular session, there is discussion of continuing the emergency tariff law until the permanent act is passed.

The emergency law expires on November 27 and representatives of agricultural interests already have asked the emergency committee report a bill continuing its life.

Senator Penrose hopes to have, within two or three weeks, some of the data now being assembled by experts on the plan to fix the American valuation of imports as the basis for determining the duties, but all of it probably will not be in hand for several weeks or two months. Hearings on the tariff measure probably will be resumed late next month or early in November.

Wanderer Will Hang on Friday

Chicago.—Carl Wanderer, lost his last night for being arrested by police. After more than a year of trials and sanity hearings, in which time Wanderer twice was sentenced to the gallows and twice reprieved, the board of pardons and paroles gave the wife a reprieve. Wanderer will be taken to the death chamber and held under guard until the hour for hanging.

Construction of the gallows in the old jail started Wednesday.

VETERAN EDITOR IS DEAD IN NEBRASKA

Lincoln, Neb.—John W. Cutright, 65, former editor of the Lincoln Daily Star and veteran newspaper man, died at his home Wednesday.

G.O.P. POSTMISTRESS HANDS ULTIMATUM TO DEMOCRAT CHAIRMAN

Owensboro, Ky.—Mrs. John Gilmore, republican postmistress here, says the democrats must cease making letters to voters from the country postoffice.

Blaine Will Keep HOLWAY IN OFFICE

Nashua.—Adjutant General Orlando Holway will be continued as head of the Wisconsin National Guard, according to word given out officially at the executive office Wednesday. When General Holway reaches retirement age Oct. 1, he will be ordered back to his present post immediately by Governor Blaine, it is declared.

Jap Vessels Wrecked by Tidal Wave

Tokyo.—Several hundred persons have been killed by a typhoon in central Japan, centering on Nagoya, during the night, where a tidal wave destroyed crops and houses. Several steamers were sunk and many fishermen are missing.

10 MEN, TWO CARS OF LIQUOR TAKEN BY CHICAGO POLICE

Chicago.—Two carloads of liquor, valued at \$10,000, were seized Wednesday by police co-operating with the arrest of ten men with a motor truck "quad" at the site.

Phone Operator Awakes Town as Safe Is Cracked

16-year-old Miss Summons Eagle Citizens Who Rout Yeggs in Battle; One Believed Wounded; Rest Escape in Big Touring Car.

The courage and coolness in emergency of Miss Louise Breidenbach, 16-year-old telephone operator for the Wisconsin Telephone company at the little town of Eagle, 40 miles east of Janesville in Waukesha county, at about 1 a. m. Wednesday, foiled the plans of a gang of five safe crackers to rob the Bank of Eagle, which contained \$50,000, of which \$8,000 was in currency.

Hearing the men prying open the front door of the institution, over which the telephone office is located, Miss Breidenbach sprang to her desk to give the alarm, only to find it was "dead," the bandits having cut all the telephone wires. She then turned to one of the private lines and called Frank Jaken, the telephone contractor in the town, and the men who, armed with shotguns, revolvers and rifles, formed a posse numbering 70, including Harry M. Lohb, president of the bank.

The men had driven to the town in a large touring car, had parked it in Oak Ridge cemetery and walked a half mile into town to the bank. They fired the big double Yale locks off the front door, entering the bank, started at work on the safe. Two men were left on the outside as guards, the other three working in the vault and safety deposit boxes. The outer combination was knocked off, and they were working at the inner lock with explosives when the posse arrived. Twelve of the 37 safety deposit boxes were entered.

Believe Robber Wounded.

The first man to challenge the robbers was Jerome Mealey, a furniture dealer and undertaker who lives the second story window, asking but two doors away. He called from "What are you doing here?" For a moment the robbers hesitated, but then they rushed to the front of the building.

Frank Eonrudsen, city marshal, headed the posse which soon gathered in front of the bank. One of the robbers was shot in the leg, and the rest and is believed to have been shot. The three working the safe were not hurt.

When Assistant District Attorney Golden called the court Mrs. Delmont would not be summoned, Dominguez was on his feet instantly and demanded that she be produced.

"In the interests of truth and justice we demand it," he told the court. "We demand that Mrs. Delmont examine her. She is the person who swore to the warrant. She is the one who has heard of a case in which the complainant was not produced."

Judge Lazarus told the prosecution it was not necessary to produce Mrs. Delmont, but warned that they were risking the chance of having the complaint dismissed. Later, he denied a motion of the defense to quash the charge against the accused until late Wednesday afternoon.

Other Charges Avail.

Should Judge Lazarus decide that the comedian be freed of all charges, a charge of manslaughter, brought by the San Francisco county grand jury in connection with Miss Rapp's death, would be a possibility.

There also is a possibility that Judge Lazarus will be prosecuted for alleged violation of the prohibition law.

E. F. Mitchell, federal prohibition director, is conducting an investigation and, on its completion, according to Robert H. McCormack, assistant to the United States attorney general, the liquor angle of the case will be brought before a federal grand jury.

McCormack, in a statement Tuesday night, declared he was withholding grand jury action pending a full report from Mitchell. He has indicated that, in the course of his investigation of the liquor supply alleged to have been consumed at the Arbutus party, he has uncovered a whiskey smuggling traffic between Mexico and San Francisco and Los Angeles.

LIFT PENALTIES ON GERMANY THIS WEEK

Paris.—The economic penalties imposed on Germany by the allies for non-fulfillment of the peace treaty, will be lifted Sept. 30. Dr. Mayer, the German ambassador, was informed by Premier Briand Wednesday.

The premier Wednesday laid before the cabinet the terms of the allied agreement as regarded control to be established along the Rhine frontier after the economic penalties were raised.

He said the German government had accepted the stipulations in the agreement.

HEMB CONVICTED IN "CHAIN GIRL" CASE

Sheboygan.—A jury in Judge Mitchell's court Wednesday found Peter Hemb responsible for the murder of his daughter, Mildred Hemb, Sheboygan's "chain girl." He was found guilty of a statutory charge. The charge on which Hemb was found guilty carries with it a penitentiary sentence of one to thirty-five years. Judge Kilman intimated he would pronounce sentence Saturday morning.

Missing Kenosha Girl Found; Accuses Man

Kenosha.—Mary Koloski, a 14-year-old girl who had been missing from home for several days, was found here on Monday, according to the police, in the rooms occupied by Sam Parinatus. The latter is held on serious charges. The girl said Parinatus had promised to purchase her a new dress.

THE WEATHER

IN WISCONSIN.

Increasing clouds, and warmer Wednesday night. Thursday somewhat unsettled with cooler in afternoon or night; strong southwest winds.

Janesville thermometer readings: Wednesday, Sept. 28: 5 a. m. 60; 8 a. m. 62; 11 a. m. 65; 2 p. m. 70; 5 p. m. 74; 8 p. m. 70; 1 p. m. 74.

BOYS OF '61 MARCH IN ANNUAL PARADE

Veterans Follow Life and Drum Corps Through Indianapolis Streets.

Indianapolis.—Stepping a trifle slower, but just as proudly as they did in '61, veterans of the Union Army are marching in the annual parade for their annual parade. This march is the crowning event of the 55th annual encampment of the G. A. R.

Although the parade was not to start until late afternoon, the veterans were up early Wednesday preparing for an army inspection. Shoes were shined, short whiskers were removed and long flowing ones carefully combed. Those who had rifles and equipment were rubbing off the dust and uniforms were brushed.

Drum corps turned up on the street corners, occasionally developing some rivalry and always attracting throngs.

WAR MOTHERS WILL URGE DISARMAMENT

Sacramento, Cal.—World peace and disarmament will be stressed at the national convention of American War Mothers, which opened here Wednesday.

INDIAN FIGHTER IS DEAD IN MONTANA

Missoula, Mont.—Major Samuel Bellow, United States Army, retired, 78, died Tuesday night. He served as aide to General Terry during the Indian battle of Little Bighorn.

Gets His Tire Back

30c 3/4 TIRE and rim lost. Reward. Return to Vincent's Taxi Service. Both phones 109.

This time a 35-cent Classified Ad in the Gazette saved the Vincent's Taxi Service the price of a new tire. The tire was returned in less than one hour after the paper was out.

Nine out of ten times when anyone finds something, regardless of what it is, what its value may be, he turns to the next edition of the Gazette to see who the owner is and where he can locate him.

Ninety per cent of all lost articles advertised in the Gazette Lost and Found column are returned to the rightful owners.

SIX ARE HELD FOR HUNTING RABBITS
Janna and Preston Among Beloit Nimrods Caught by Snyder.

Mike Janna, troublemaker Beloit Italian, and Clarence Preston, Janesville, were arrested Wednesday on charges of hunting rabbits out of season.

They together with four other Italians from Beloit, were arrested on the east side of Rock river just north of the Four-Mile bridge north of Janesville. The six arrests were made by Charles Snyder, warden, assisted by Charles L. Riley.

The other four held are: Joe Plazotilo, Jr., Joe Plazotilo, Sr., Tony Montolin, and Charles L. Riley.

Arraigned in municipal court, all except Montolin pleaded not guilty. Montolin admitted that he had killed the rabbits. He was fined \$100 and costs. The other five were each fined \$100 and costs.

Preston, now serving a sentence under the correction law for illegal fishing, stoutly maintained his innocence of the new charge.

"I am working on the William Card farm and just happened to see these fellows going and walked a ways with them," he said. "I didn't have a gun—all I had was a pitchfork."

Deputy Snyder and Mr. Riley found the six rather unwilling to submit to arrest and it took the flashing of a revolver to convince them they were in business. Even then, the deputy says, Janna offered him a roll of bills to cover up the matter.

Mr. Riley of the Italians was armed with a shot-gun and several rounds of ammunition, the game officer declared. Three of them were wearing hunting clothes. One of the others was wearing a suit and tie. The game officer said he had established a camp up the river and was out after rabbits despite the state law which provides they can be hunted only between October 25 and January 1. Oblivious was questioned in regard to the Ford touring car used by them.

Suspicious of Car.
Suspicion of the car was aroused from the Illinois license tag although Oblivious claims to be from Beloit.

"I got the car when I lived in Illinois," he told the court. "It has only been in Wisconsin about a month."

"Then you violated the law when you secured your hunting license for you are not a resident of Wisconsin," explained the court. "To be a resident of this state you must have lived here at least one year."

The matter of the Ford touring car, placed against Janna's past summer. He was arrested with Preston in a raid on an up-river camp and paid a fine for illegal fishing. He will serve a sentence for the same offense.

HOWARD ORDERED BY CONVENTION TO END STRIKE

Indianapolis—Alexander Howard, president of the Kansas miners, was elected Wednesday by the convention of the United Mine Workers of America to order strikers at the Dean and Reliance mines to return to work.

Howard in a statement later, indicated he would not obey the convention decision. He said:

"The action taken by the convention is not going to alter our position. We have been fighting as we have from the beginning and the only way we will advise the men to return to work is under the same conditions and conditions that prevailed when the mines were closed by the coal operators."

QUARTET LEADER CAPTAIN DURING WAR
Charles Cox, basso, and director of the National quartet which will appear at the Baptist church here at 8 p. m. Wednesday, is the son of the local American legion post, was a captain in charge of an entertainment division in the American Expeditionary forces. He served immediately under General Pershing.

Mr. Cox has a voice with phenomenal range from F above to pedal C below. He is also a character comedian and his sketches form an unusually entertaining feature of the program.

Lawrence Wickland is first tenor. As a soloist he is known for his singing of sacred numbers from leading chorales.

Stanley Graham is second tenor and pianist. His piano solos from such composers as Grieg, MacDowell and Debussy are always well received.

Melvin Newquist, baritone, features with solo numbers. His is a magnificent voice, and his repertoire includes the best selections written for men singers.

HAYES FIRM FINISHES THREE BRIDGE JOBS
The last of three bridges between Elkhorn and Williams Bay, Walworth county, was finished Wednesday with a new road to the lake has been completed by Hayes-Pountain-Hayes, Janesville contractors. This bridge in Delavan is now open to traffic. The Janesville contracting firm is also working on one mile of curb and gutter and a quarter mile of sidewalk in Elkhorn.

BELOIT CAR WRECKED IN CULVERT CRASH
An automobile, the license number of which indicates that it is owned by Fred Bassett, Beloit, was wrecked Tuesday on the concrete highway five miles south of Janesville. The car had run the machine into a culvert tunnel. The car was taken away during the latter part of the day.

STATE SUPERVISOR INSPECTS SCHOOLS
Miss Isobel Davidson, Madison, supervisor of rural schools and city grade work, is in Rock county this week aiding supervisors in the county district.

She visited schools in the vicinity of Edgerton and Evansville on Tuesday.

Blanks to all county school clerks are being sent out Wednesday by Superintendent O. T. Antisdel for the filing of information on the teacher's pension.

REPLY IS "SLAYED"
London—Premier Lloyd George's reply to Remond de Valera will not be issued Wednesday and there is some debate whether or not it will be available Thursday. It was announced formerly that Lloyd George, Wednesday afternoon.

SCHOOL PADS 5c.
For sale at The Gazette Office. Advertisement.

Johnson Defense Seeks to Prove Child Killed by Somebody in Home

Madison—Testimony Wednesday in the hearing on application for pardon of John A. ("Dogshead") Johnson, serving a life sentence for the murder of seven-year-old Annie Lemberger, in 1911, was directed by the state to show that the crime was committed by some one in the Lemberger home.

Robert Lemberger, brother of Annie, was on the stand most of the morning and described in detail his impression of the affair. He told how bloodhounds took up a trail of the person who was supposed to be the guilty party, and that the trail led directly back to the home of the murdered girl.

Attempt was made to show that the window through which the girl was supposed to have been taken was locked and that there was no way for a person to have taken her from the outside.

CRUSHED GRAVEL MACHINE NEEDED
McKune Sees Eventual Saving Should City Buy Outfit.

It would pay the city of Janesville to buy a machine to turn out crushed gravel, Street Commissioner Thomas McKune said Wednesday, in connection with the report of the local Chamber of Commerce of Public Service, New York, on street maintenance work here.

Crushed gravel is not available here, nor is there a machine to produce it for county roads, Mr. McKune continued.

As to the recommendation that be used as a binder on macadam streets when scarified, the street commissioner admitted it would be a great improvement over the present use of sand, but an investigation had proved it too expensive.

"We have had this matter up many times before but we found out it would be too costly to ship in chipped stones as would be necessary since the city closed down its stone crushing outfit five years ago," Mr. McKune said. "One of the advantages of the machine is that it could be used in a number of places. It is not available in Janesville and that the nearest place where it could be bought was Beloit. Further inquiry showed that it would cost us at least \$2,500 a year shipped in here."

Mr. McKune denied statements that he had no room to store a machine in macadam streets. He said a crew is now at work doing this and has been on the job the past two weeks. Shilling was done through the city earlier in the summer, he said.

Rotary Backs "Y" Drive and Cities' Meet

The Rotary club Wednesday noon went on record as endorsing the Y. M. C. A. drive next week in a resolution introduced by Malcolm Douglas after a general discussion of the Y. M. C. A. as a community factor handled by various speakers. A. Markham, spoke on the institution from the standpoint of industry. F. H. Jackman, from the standpoint of the banker. Supl. James D. Jones, of the city, and Rev. A. J. McElroy, of the church, Mayor T. E. Welsh spoke in favor of the Y. M. C. A. and agreed to back the drive by donating his next salary check as well as that of the city.

The mayor referred to the coming convention of the League of Wisconsin Municipalities, representing 70 cities, in Janesville October 12 to 14. He explained that the purpose of the gathering was to be the largest in the history of the organization. From 450 to 500 representatives of Wisconsin cities are expected to attend. He referred to the assistance which Edgerton had given in bringing the 1921 meeting to Janesville, and spoke of the aggressive manner in which Edgerton and her people had arranged for entertainment of the delegates for one afternoon and evening in that city. Mayor Welsh suggested the appointment of a committee to plan the Rotary club to join with the other organizations of the city in extending welcome and entertainment for the delegates.

A general meeting of all committees is to be held at the Chamber of Commerce at 4 p. m. Friday, so that active work in raising funds may be engaged in Saturday morning.

Judge Charles L. Finch, presiding in the absence of President Roy Wagner, appointed George G. Kimball, Sols Solie, N. L. Carlo, P. S. Sheldon and E. H. Bliss as the committee to meet with the general committees Friday afternoon.

The club was treated to some delightful music by Mr. and Mrs. Medley, now playing at the Myers theatre, and arranged for by courtesy of Edgerton and her people. Several solos and duets were given. William Bennett playing the accompaniment. Guests present were Mayor Welsh, William Bennett, Mr. and Mrs. Medley and H. N. Gordon, Washington, D. C.

MICHAELMAS DAY TO BE OBSERVED
St. Michael's Day or Michaelmas will be observed at the two Catholic churches, the St. Patrick's and the Holy Trinity, on Thursday. There will be the regular daily masses at the Catholic churches with communion and there will be special communion services at Trinity church.

MAC DONALD HOME FROM SCOTLAND VISIT
J. A. MacDonald, superintendent of the Madison division, of the Chicago, Milwaukee & St. Paul railway, returned Tuesday from a trip to his ancestral home in Scotland. He spent a few minutes in Janesville on his way through, conferring with F. W. Zimmerman, local agent.

MAN IN PRISON IS SUED BY RUBBER CO.
Two Evansville cases scheduled for trial in municipal court Wednesday were adjourned to Friday. Dr. C. S. Cook vs. Richard Sabcock until Monday, and the Firestone Tire & Rubber company vs. J. Spencer Williams. Williams is now serving a five-year term in Wausau for having set fire to his garage at Evansville.

POLICE HERE WATCH FOR BANK ROBBERS
Local police kept a close watch all day Wednesday for the five bandits who escaped after looting the bank at Eagle. Notification was received here at 2:30 a. m. Wednesday from Whitewater resulting in vigilance in watching every automobile seen out early in the morning.

TWO LESS DOGS
The police department decreased the dog population by two, Tuesday and Wednesday, killing one at 15 Jerome avenue and another at the corner of Fifth avenue and Glen street.

Ku Klux Asks U. S. Inquiry
Adams—Letters have been sent to President Harding and Attorney General Daugherty by William J. Simmons, head of the Ku Klux Klan, asking for an immediate and thorough investigation by the government into the activities of the organization, according to a statement issued at Klan headquarters here Wednesday.

Send Out Call to Veterans on "Clean-up" Here

Notices on the visit to Janesville of the federal war risk insurance bureau's "clean-up" squad to aid ex-servicemen of the World war to establish out claims for disability compensation are being given out in all rural schools of Rock and Green counties. This is being done through the Red Cross through the cooperation of the Superintendent of County Schools O. D. Antisdel. The squad will be at the post office here Oct. 4 to 8, inclusive.

Ex-servicemen are urged to get in touch with their local chapters of the Red Cross where they will be given valuable information that will help them in getting prompt consideration from the board. They should bring their certificates of discharge and all correspondence with the war risk bureau when they appear before the squad. The Junior Red Cross is also aiding in the work.

Plans are being made by the Janesville American Legion to have local ex-army physicians cooperate with the squad when it comes here. It is probable that several physicians will be in the rooms at the time of the "clean-up" squad. They can make instant examinations of men needing such tests.

J. Glenn McWilliams of this city, an attorney, has placed his services at the call of ex-servicemen in making out any necessary affidavits. He will do this work gratis.

Grimm Settles Blackhawk Case Out of Court

Through the efforts of Judge George Grimm the troublesome suit over the Blackhawk apartment house is being settled without litigation in court. Starting Monday afternoon, in the Rock county circuit court Judge Grimm insisted upon a settlement.

Through the settlement stipulations the \$60,000 worth of bonds issued by James H. Cullen will become valid and fully negotiable once the injunction is dissolved by the court.

Through settlement Judge Grimm cut short a suit which threatened to take a week to settle for each claim, where there was doubt, had to be considered and evidence offered as to the method of sale.

Once will be a naturalization hearing in the main court room on Thursday. It is expected about 40 applicants for second papers will appear before Judge Grimm. Four women are to appear for final papers. A high school class is to attend a part of the hearing, necessitating the holding of the citizenship session in the main court room.

INTELLIGENCE TESTS PROVE SUCCESSFUL

Intelligence tests used in the Janesville public schools have proved great assets to teachers in determining the bright pupils, the normal and subnormal ones so that they may adjust their teaching methods to the mental capacity of the student.

Tests were made last week of the entire freshman class of the high school and the Rock county training school class has also been having a test.

The system used to great advantage during the war in helping to pick the men to be officers of the American army is one in which problems of various kinds are given to be solved in a required time. Upon the speed and correctness with which the tests are made depends the standing of the pupil.

SHAPE REPORTS ON WORK CONDITIONS

Washington—Progress of the national conference on unemployment indicated Wednesday prospects for adoption of an emergency relief program, earlier than had been anticipated. The conference adjourned Monday until October 5, when it is to receive reports from its subcommittees on the cost of living, the effect of the war on the economy of the country and the effect of the war on the economy of the country.

PUPILS LEARN HOW NEWSPAPER IS MADE

In keeping with the policy worked out by Supl. F. J. Lowth for the training school pupils to make visits to the leading factories and places of interest in Janesville, the class visited the Gazette Tuesday afternoon and after seeing the plant and watching the glass process were presented with a copy of the finished product. A visit was made Wednesday morning to Plant No. 2 of the Samson Tractor company to see the plows and other farm implements.

BLAINE TO WELCOME MYSTIC WORKERS

CANAL SHIPPING IS ON INCREASE
U. S. Pushes England to Second Says Visitor from Panama.

After spending nine years in the Panama Canal zone, C. P. Wankle, sergeant in the government's zone police, is visiting his father-in-law, D. L. Brownell, 217 Elkhorn avenue. He is accompanied by his wife, formerly Ethel Brownell, and his son, Mr. Brownell spent some time in construction work on the canal in 1915.

Shipping through the canal is increasing rapidly, declares Sgt. Wankle, despite reports that the export business is slow. He stated that an average of 250 ships pass through the canal monthly. American ships have taken the lead since the shipping board started operations pushing England into second place. The Japanese are third and gaining rapidly. Scandinavian and South American ships are numerous.

Conditions in the zone are excellent, states Sgt. Wankle. He declares that the government is providing the American residents with every possible feature for comfortable living with high class entertainment in the theaters, sports, such as swimming, baseball and tennis feature, most of the life being outdoors on account of an excellent even climate the year round. Eggs are several times with the finest grades of food.

"I like it so much down there now that I would not come back to the States," he declared.

He is stationed at Balboa, on the Pacific side. The trip here was made by way of Colon, Norfolk, Baltimore and Chicago. Mr. Wankle's home is in Baltimore.

Cooper Here on Business Visit

Congressman Henry Allen Cooper, Racine, of the First District of Wisconsin, was in Janesville, Wednesday, on business and renewing acquaintances. He was in Elkhorn during the earlier part of the week. Mr. Cooper will return to Washington soon.

SUP. HOLT LAUDS Y. M. C. A. FOR WORK

Speaking of the importance of the Janesville Y. M. C. A. as a community factor, Frank O. Holt, superintendent of city schools, chairman of the executive committee of the Y. M. C. A. committee in charge of the campaign for \$15,000 said:

"The public schools last year benefited in no uncertain manner and to no limited degree from the influence which radiated by virtue of our co-operation of the organization carried over into school situations. Both in high-school and grades we received a type of assistance and a sort of fluency which was possible in making out valuable projects which would have been impossible without the assistance of the Y. M. C. A."

"I appreciate most highly the community value of such a situation. It deserves the most cordial support from the standpoint of broad community welfare."

DELAVAN CHURCH IS SCENE OF WEDDING
(Special to the Gazette.)

Delavan—Miss Marjorie Welch, daughter of Mr. and Mrs. William Welch, was married at 8 a. m. Wednesday to Albert Finley, Elkhorn, at the church. The ceremony was performed by the Rev. J. J. Shanahan. Tolene and Arnold Dugan attended the couple. The wedding was attended by about 50 guests. A breakfast was served at the bride's home following the wedding. The couple will reside on a farm near Elkhorn.

WOMEN SMOKE IN LOCAL RESTAURANT STARTLING PATRONS

Shades of Lady Nicotine! Cigarette smoking by women in public startled the patrons at a local restaurant Tuesday night. A first it seemed an illusion. But in the rear of the establishment, five women chatted nonchalantly with live men, the meanwhile puffing at cigarettes. They were members of a theatrical troupe.

Enrollment in County School Is Largest Yet

Enrollment in the Rock county teachers' training school has reached 38 the largest in the history of the school.

Prin. F. J. Lowth stated Tuesday that he is unable to accept any more pupils as facilities will not accommodate them. Last year there were only 25 in the class.

Evidence of the success of the school in training teachers and how it has helped the rural situation is seen by the fact that out of 140 rural districts in the county, 85 of them are taught by graduates of the training school.

Belfast Funeral Is Fired Upon

(By Associated Press.)
Belfast—A funeral party, returning to this city from a cemetery Wednesday afternoon, was fired upon. One man was killed and three others were wounded.

ENGLISH TO SPEAK AT MEN'S MEETING

The men of the Congregational church will meet at dinner Saturday night to hear a talk by William F. Englich, Chicago, newly appointed secretary of the American Board. Mr. Englich is in charge of the old missionary situation and will devote a part of his time to answering questions from the floor. Arrangements for the dinner are in charge of a committee composed of A. M. Fisher, chairman, W. E. Moody, L. A. Markham, F. S. Beines, Fred Sheldon and J. M. Whitehead. Refreshment may be made from any member.

FUTURE TEACHERS TAKE CADET WORK

Following a week of cadet work in the rural schools of Rock county, held last week pupils of the Rock county teachers' training school this week are hearing each day reports of the experiences of various ones. It is a policy of the school to have a week in the spring and fall when the women training to be teachers go out rural schools where they learn a great deal by observation and by actual teaching. There were 31 who did cadet work last week.

SHARON GIRL BREAKS ARM WHEN AT PLAY

(By Special Correspondent.)
Sharon—While playing on the teeter board at the school grounds Tuesday afternoon, Claudine Fredrick, 9-year-old daughter of Mr. and Mrs. H. Fredrick, fell and broke her arm. The break was found to be between the wrist and the elbow and was attended to by a doctor.

EXPECT 200 HERE FOR SCHOOL MEET
Oshkosh Professor to Take Cary's Place on Program.

Owing to the inability of C. P. Cary, ex-superintendent of public instruction of Wisconsin, to be in Janesville Saturday at the ninth educational enthusiasm rally and county institute for teachers to be held at the high school Prof. W. C. Hewitt, for 30 years head of the department of applied psychology of Oshkosh Normal school, will be the principal speaker.

This announcement was made Wednesday by Principal F. J. Lowth of the Rock County Teachers' Training school, who, with the county superintendent, conducts the rally. Mr. Cary is on a lecture tour in Dakota, N. D. A. Sueti, principal of the Million Union high school, will preside. More than 200 grade and district school and high school teachers of Rock county will attend the convention which will open at 10 Saturday morning in the auditorium of the high school. The addresses involve subjects in which grade teachers are mainly interested.

Prof. Hewitt will deliver three talks, two in the morning on "Essentials of Every Good Recitation" and "How to Teach Civics Successfully in a Public School." In the afternoon he will speak for 45 minutes on

SEVERAL CHANGES IN ZONING ASKED

Dozen Protests Registered at
City Plan Body's
Hearing.

A few changes are expected to be made in the proposed zoning plan worked out by the city planning commission, according to the number and importance of the objections heard by the commission at the city hall Tuesday night. Only minor changes of a strip of land from the residential or business district to the industrial district were asked.

A. J. Matheson, speaking for the Lewis Knitting works, voiced a few objections. The site of the Lewis factory, on South Main street, is now in the second business district, in which only buildings for retail trade, theatres, telephones, etc., might be built. Mr. Matheson stated the company owns land in the rear of the factory to the river and that the ordinance would prohibit additional buildings on this land for their factory and would prohibit retail stores. He suggested that the factory be burned or destroyed from some other cause. Mr. Matheson suggested that this land be made industrial or some other provision made.

Will Be Reasonable. Members of the commission stated they would be reasonable in case of fire and that the company could probably rebuild on that site. He also suggested that the rear of the factory be made industrial, on the north bank of the river, which is now second residential, be made second business or some industrial classification.

John Charles Fifield, in speaking for the City Ice company, suggested that all the land on the east side of Center avenue, just this side of the Monterey bridge, across from that mentioned by Mr. Matheson, be classified as a business district. As this land is now owned by the ice company and buildings have been erected upon it, it is doubtful if it will ever be used for anything but business, he said.

Judge Fifield suggested further that the land on the west side of North bluff street, now known as Goose Island, be put into the industrial section, as there is now an ice house on it, and if it burned or destroyed it must be rebuilt there, if the people of the city did not want to have to use artificial ice. This section is now classed under the first residential district and is a first class residence would ever be erected there.

Changes on North Main. He was backed in these statements by V. F. Richardson, who stated that as long as this section was classified as first residential, it would be unmarketable and useless to the owners. Mr. Richardson suggested that that land along North Main street, where the Hudson Manufacturing company, the Thoroughbred Box factory, the New Dye Co., and other factories are now located, be made industrial district on both sides of the street. He stated that because of the water power there, the land would be useless except for industries.

Pierpont Wood, speaking for M. G. Jeffis, suggested that the land at the foot of South Main street, known as the Willow Grange section, be changed and classified in the industrial district, as he doubted if any residences would ever be built there. A spur track running through would make it more valuable for an industry, he said.

Industry Along River. M. O. Mount was in favor of classifying all that land between River street and Rock river, running from Court street south to the Rock river bridge, or even around the bend of the river, as industrial. It is now classified as second business. Further suggestions by Mr. Mount were that lumber yards be allowed in the first business sections, as it was necessary for their business that they be centrally located. Lumber yards are now classed with the industries. Mr. Mount was told that this change was under consideration by the commission.

The Wisconsin Telephone company, which is now put in the second residential district, should be allowed in the business district, and the classification of half that block on the north side of the street, and on the south side as well, should be classified under business, as the Colvin bakery is located across the street, it was stated. However, telephone exchanges should be allowed in residential districts, and in case the buildings burned, should be allowed to rebuild near residences, it was argued. These statements were made by M. F. Richardson, Janesville, and T. V. Shields, Milwaukee, representing the Rock County and Wisconsin Telephone companies.

John Gady, Chicago, speaking for the Chicago and Northwestern railroad, spoke in favor of the commission in making the plan. He desired that the land between North River street and Madison street, be made industrial district, as a spur track runs through here and there are coal and lumber yards located in this section, it would be unsuitable for business or residences.

Paul Colvin made suggestions concerning the sites of the Colvin Bakery and the Wisconsin Telephone company.

Thomas S. Nolan, in speaking for

OBITUARY

Mrs. Jennie Blay.—George Blay, 11 North street, died Tuesday after a short illness of pneumonia. She was born in Milwaukee August 18, 1855, and came to Janesville about 45 years ago. She was a daughter of Philip B. and Cornelia Pease. She is survived by her husband and two sons, Walter A., Chicago, and Dr. H. R. Blay, Janesville.

The funeral will be held from her home, 713 North street, at 2 p. m. Thursday, and will be private. The family requests that no flowers be sent. Rev. R. G. Pierson of the Baptist church will officiate and interment will be in Oak Hill cemetery.

Mrs. Peter Jamieson.—The funeral of Mrs. Peter Jamieson was held at 2 p. m. Wednesday from the home on Ruger avenue. Rev. Frank Scribner of the local Presbyterian church officiated. Pallbearers were Walter Cox, Harry Kondall, Will Becker, Elmer Jones, John Young, Claude and Claude Dexheimer. Interment was in Oak Hill cemetery.

SERVICE MEN SEEK FARM OR HOME AID

Local Legion Scouts Believe
That Cash Bonus Is
Demand.

A nation-wide opinion that if the ex-service men were to be given the choice of the form to receive their cash bonus, they would select immediate cash, was shattered so far as Janesville is concerned at a meeting of the local American Legion post Tuesday night. In a referendum vote taken among the men only 15 per cent wanted the cash payment plan.

Forty-six per cent of the men declared that they were in favor of a farm or home aid plan. Thirty-eight per cent voted for the adjusted payment certificate plan whereby they would not be paid until after 20 years had passed.

A visiting legionnaire from Illinois stated at the meeting that practically this same percentage was obtained at Rock and other cities in the vicinity.

The referendum vote is being taken by American Legion posts throughout the country. It is expected that the vote will be taken before the bill is again brought before Congress. The vote is on the following: Cash basis: \$1 a day for home services, not to exceed \$500; or \$1.25 a day for overseas services, total not to exceed \$625. Adjusted payment: Man to be paid cash total, plus interest, 10 per cent at the end of 20 years, with the certificate having a borrowing value at the end of 20 years. Vocational training: \$1.75 a day for vocational study, total not to exceed cash value plus 40 per cent. Farm and home aid: immediate payment of cash plus 40 per cent, figured on the cash basis, to aid the ex-soldier to buy a farm or home or make repairs on his farm or home.

POLISH RUSSIAN PEACE IS NEARER

(By Associated Press.) London.—Polish officials here said Soviet government at the end of the war had agreed to a full exchange of notes between the Polish and Russians concerning the execution by Russia of the peace treaty signed in Riga, had taken a favorable turn toward completion.

Plant Spring Flowering Bulbs now. Janesville Floral Co., 50 S. Main St. Advertisement.

The St. Paul railroad, reminded those present that the city and the railroad had agreed to build the city and that everything should be done to encourage them. For this end he suggested that they be allowed to build in any section in which they are now located.

Only one representative of the residential district was heard. Aid. George Traver was against the rule, stating that a building of 20 feet in front space should be allowed in front and back and on the sides. As a modification he suggested that the ruling should be made 20 feet in front and 10 feet from each side and 10 feet from the rear line.

The district on the south side of West bluff street from the railroad tracks to Madison street should be put in the second business districts instead of first residential, as it now is. This suggestion was made by Frank Porter.

All suggestions made were noted and will be considered by the members of the commission at their next meeting, either the latter part of this week or the first part of next.

PHONE OPERATOR AWAKES TOWN AS SAFE IS CRACKED

Continued from Page 1.

Inside came out when they heard the shooting and joined in the fight with 45 calibre revolvers. The posse fired shot after shot without effect, rattling the door of the bank and front walls with bullets. The woman near Lake Geneva and they were being locked up to see whether members of the party might be the bandits.

Check Up Funds.
A check up was being made Wednesday morning that a big touring car carrying four men and a woman near Lake Geneva and they were being locked up to see whether members of the party might be the bandits.

Leave Few Clues.
In their haste, one of the robbers left a brown hat containing a stock market clipping from the Milwaukee Sentinel of Sept. 13 which, with a big wrench, are the only clues left.

One of the men who stood outside was described as being tall and heavy set.

Shirley Clarence Keebler of Waukegan was summoned as soon as possible and came to Eagle early Wednesday morning to take up the pursuit. As only one long distance was working the bandits had sufficient time to make their getaway before the alarm in all directions.

REVOLUTION IS SEEN IN RAILROADS UNDER PROPOSED CHANGES

(Continued from Page 1.)

Lincoln, Cincinnati and Ohio; Louisville and Nashville and others. Number 12—Union Pacific lines; Chicago and Northwestern; Wabash lines west of the Missouri and others. Number 14—Chicago, Burlington and Quincy; Northern Pacific; Spokane, Portland and Seattle and others. St. Paul in One System.

Number 15—Chicago, Milwaukee and St. Paul; Great Northern and others. Number 16—Atchafalaya, Tapes and Santa Fe; Colorado and Southern; Denver and Rio Grande; Western Pacific and others.

Number 17—Southern Pacific; Chicago, Rock Island and Pacific; St. Paul and Northwestern; St. Louis, St. Paul and Northern Pacific; Chicago and Eastern Illinois; Missouri Pacific; Texas and Pacific Gulf Coast lines and others.

Canadian Lines Not in.
The commission noted that Canadian railroad subsidiaries such as the Minneapolis, St. Paul, and Sault Ste. Marie and the Central Vermont had been eliminated from its consolidation and that water carriers were controlled by railroads concerned.

Under Transport Act.
The step was taken under provisions of the transportation act which allows the consolidation, if voluntary, with the railroads concerned.

The commission's proposed 19 systems, as outlined Wednesday, provide for retention of the competitive management of transportation lines, giving most sections access to two or more of the great routes devised. The principle followed was that of the existing railroads. In some cases branch lines of existing roads are suggested for divorce from present owners and attachment to other systems.

Elkhorn

(By Gazette Correspondent.)
Elkhorn.—Miss Mae Ferris underwent an operation in St. Mary's hospital, at Mukwonago, Tuesday forenoon. It is expected she will be able to return home in a week or 10 days. The Lauderdale Bass club is holding its fall meeting at the lakes this week. Mr. Norton is president. A. J. White is secretary-treasurer and N. E. Carter is official keeper of weights and measures.—Mrs. Grant D. Harrington left Wednesday for Schenectady, N. Y., to visit her son, Elliott.

The contractors started grading the mile of road in Sharon Wednesday morning and will begin laying concrete next Monday. Central Ave. and Fountain of Janesville are pouring the concrete covering on the Baker bridge Wednesday.

Chicago, Milwaukee and St. Paul

Chicago, Milwaukee and St. Paul railroad.
Harry M. Loibl, president of the bank, told the story over long distance telephone on one of the two remaining wires operating out of the town of Eagle Wednesday morning. The bandits parked their car in the Oak Ridge cemetery, a half mile from the bank, he said. "Then they walked into town to the bank, about 1 a. m. With a crowbar and other tools they pried open the front door of the bank, after cutting the cables to the telephone exchange. They failed, however, to sever two private lines running out of the exchange, which they knew nothing about."

Miss Louise Breidenbach, the night telephone operator, hearing the noise of the opening of the front door of the bank, started to call for help. She found her switchboard "dead." Turning then to the private lines, she got hold of Frank Jaken, the telephone construction man here, and told him of the attempt to rob the bank. Frank went through the village, rousing the fellows and telling them to get their guns.

"One of the men in coming out lost his hat. It had a piece of a Milwaukee newspaper of the date of Sept. 19 rolled up under the band. They also left a large wrench."

Sheriff Clarence Keebler said the piece of paper in the bandit's hat contained two columns of bond quotations. It and the wrench are being held as clues.

NOTICE
There will be a Farm Bureau and Milk Producers meeting at the Footville Hall at 8 p. m. Friday Eve., Sept. 30. Advertisement.

PASSENGER SERVICE.
The car carrying Gazette leaves Edgerton daily about 1:30, p. m. reaching Janesville at 2:30, in time for connections to Chicago. Returns at about 3:45 from Janesville. Fare 75 cents each way. George W. Stricker, Phone 239. Black or 203 Blue.

MEMBER OF THE ASSOCIATED PRESS.
The Associated Press is authorized to use the name of this paper in all news dispatches credited to it or not otherwise credited in this paper and also local news published herein.

The Gazette prints freely of events when they are new. The following items are chargeable at the rate of 25 cents a count line, average 5 words to the line: Obituaries; Cards of Thanks; Notices of any kind where a charge is made to the public.

THE GAZETTE'S PLATFORM

Build a Community Center and Convention Hall for the city for athletics, conventions, musical concerts, civic meetings, and for the purpose of public utility. This is also a platform for the people to meet and entertain the city plan. Make more small parks and playgrounds and provide at least one large park where the whole people may recreate at will.

Keep the city looking bright and clean with paint and the streets free from filth. Either build a new hotel or so increase the facilities of the present hotels as to take care of the traveling public and be able to handle conventions.

Finish the paving of Janesville streets and complete the sewer system.

Make all main highways, city of concrete to meet with good pavements in Janesville.

Finish the paving of Janesville streets and complete the sewer system.

Make all main highways, city of concrete to meet with good pavements in Janesville.

INCREASING THE BURDEN OF JANESVILLE TAXPAYERS.

In a time when every effort is bent toward reducing expenditures both private and public, the taxpayers of the city of Janesville are now confronted with the heaviest budget ever adopted. In a time when every effort is being made by governments to provide for the unemployment conditions, when wages are being reduced and the closest kind of economy is generally accepted as the only answer to the question of administration, we are to be loaded with a higher tax rate than in 1921 and made to answer at the office of the city for waste and inefficiency.

You cannot get away from it. Instead of having a budget carrying \$50,000 or more under that of 1921, we have one with \$85,000 increase and a possible addition also of state taxes. It has been pointed out that much of the money contributed by the taxpayer has been wasted. We have spent a pile of money in street maintenance and got little for it. There have been a score of leaks. No effort has been made to stop them. If anyone calls attention to these, the taxpayer is to be insulted and damned. Backed up against the wall with figures and circumstances and fact, the answer is merely to burn a Chinese stink pot filled with words of personal condemnation. That is the only answer of the city administration.

But the figures are there. We are \$30,000 in debt to next year. Where has the money gone? Nothing very great has been accomplished. The soldiers are without a memorial. There is no park. The city has no public comfort stations such as are prescribed by law. There have been no great donations to public enterprises. BUT THE MONEY HAS GONE and we are \$30,000 in the hole. And we are \$85,000 worse off than last year. Every man with \$20 (taxes) last year will pay at least \$36 this year. If his taxes were \$50 he or she will pay \$80. When wages are lower and times are harder we have a budget that takes money from the pocket of every taxpayer. If there was a compensation, if there was no waste and if there were benefits of 100 cents for every dollar spent, one might look upon it differently and with calmness. But there is waste and it has been clearly shown that we are "blowing in" the money.

Objection to an increase in taxes is not so much an objection when the people see that they are getting value received, but when they know that the money is wasted and they spend, and when a large fund is merely a temptation to indulge in many extravaganzas from which the people receive no benefit, then it becomes time to rise up and object with a voice that will be heard. The man hit in the Janesville budget is the small property holder—the workman and the person with the small fixed income.

There is yet time to make cuts in the budget. This is no time to go into great paying program. Expansion programs of great industries and enterprises have been permitted to mark time. It is about this hour when the city should take a loan from good business. It is no time to crush the home owner of Janesville under additional burdens.

Dedication of the Frances Willard school house today marks another step in the progress we are making in Southern Wisconsin toward remembrance of historic spots. The purpose of the Willard school was the spirit that dominated the men and women who made Rock county great—that every boy and girl should have an education and be equipped to better fight the battle of life.

About the only position that he could now obtain is closed to Arbuckle—that of bartender. He might enter the bootlegging field, there being a few vacancies.

"Plain clothes man" is the term applied to Gaylord Cummin by Alderman Dulin in the council last night. Well who is afraid of a plain clothes man? Surely no one in the council?

Alderman Gibbons' suggestion that \$299 a year salary be cut from the alderman's salary did not receive enthusiastic support.

Where the shoe pinches: The mayor's salary.

The most healthy sign noticeable in the American nation is the abhorrence excited by the case of Arbuckle.

The city budget is made on the give and take plan: the taxpayer gives and the city government takes it.

The Bride, the Groom, and the Falls

By FREDERIC J. HASKIN

Niagara Falls, N. Y.—A question that has never been adequately answered is why so many brides and grooms see fit to follow into matrimony by inspecting the seething waters of Niagara. You can ask this question as often as you like and get a different answer offered by a Niagara Falls resident. The philosophical bent is that a trip to the Falls is the standard American pilgrimage. Once a couple are married, he explained, they settle down to a prosaic domesticity and there is less chance of settling off on the purely esthetic mission of seeing Niagara. So the bride and groom at Niagara and "do" the Falls conscientiously from many angles as their finances and time permit. After that, they board a train with a look of peace on their faces. They have seen the Falls and in future conversations they can hold their own safely with any one who wants to talk travel.

This explanation perhaps was based on premises a trifle old-fashioned. The modern couple rarely takes marriage to imply permanent and total domesticity. Nor is travel the formidable undertaking that it was once.

A shop keeper explains the honeymooners this way: "You know the Falls has a fascination for lots of people. It's pretty well understood that when two people look at the Falls they have to hold each other tightly to keep from jumping in. There's no other place that I know of that offers an opportunity like that for honeymoon couples. Why, the Falls was made for them!" and the shop keeper winked gaily and motioned toward a couple that had apparently clung to each other so desperately on the brink of the Falls that they hadn't been able to get apart. There they stood, cheek to cheek, gazing soulfully, at a rack of postcards.

Tradition doubtless had a good deal to do with the annual honeymoon stampede toward Niagara. And the atmosphere of the Falls is an obvious reason for the presence of bridal parties. The entire parkway on either side of the American Falls for some distance is an unbroken series of lovers' retreats. There is plenty of room—with lots of benches and shrubbery and the roar of the Falls just audibly loud enough for keep outsiders from hearing remarks meant for two only. Doubtless Niagara cops are lenient to spooners.

There is not, on the whole, a great deal of conversation going on around the Falls. It is interesting to note that people do not stand on the brink and burst into rhapsodies. For some reason, the American vocabulary doesn't go far here. Almost all the language people can extract to fit the view is that it's beautiful or wonderful, and, occasionally, "Ain't it grand?" with the swift answer from the other half of the couple, "It sure is."

The Falls has always rendered people inarticulate. Seventy-five years ago our grandmothers and grandfathers, who pronounced it "Niagara," with the accent on the gay, were standing at the edge of the same rapids in the fall of 1846—panthers, hoofs, beaver hats, and everything—using the already hoary formula: "Isn't it wonderful!"

We have been told that the fixed rule of Niagara for a honeymoon has of late years become less arbitrary, other points of interest rivaling the Falls in attractiveness. This may be so, but a casual count would show that about every couple that may be seen wandering about near the Falls is a honeymoon party. Their shoes are new, under the Niagara Falls dust. And their expressions of beatific calm likewise have the look of being new.

Except for these honeymooners, who are mostly in a state of suspended animation, the chief amusements of Americans while drinking in the Falls are chewing gum and taking snapshots. At some vintage it may be said without too much exaggeration that the click of the camera rivals the roar of the Falls.

People who are at first glance disappointed in the size of the spectacle sometimes get a clearer idea of the vastness of Niagara when they start to take pictures. Visitors are standing all along the shore on both the Canadian and American sides. In some places where the land juts out they are on the very edge of the torrent. Yet the people across the river can scarcely be seen with the naked eye. The camera makes nothing of them. And even at closer range, the average kodak view of the Falls doesn't register the people in the scene any more than if they were flies crawling on the shore.

The town of Niagara Falls offers what Americans travelers seem most to want—plenty of post cards and an assortment of souvenirs that seem somehow more in keeping with the era of what-ifs, gimcracks, and shattered parliaments than with this decade of so many beautiful and useful things.

That there is a demand for the souvenirs is apparent from the fact that there are some 12 souvenir stores and 25 restaurants on the two blocks of Falls street on the side of the street only.

These shops are far from cheap. The owners figure on five months active trade, but out of the five months they say there is only six weeks pushing business. A good many newlows come during June, but not many vacationists. Then after the fourth of July, the number of visitors increases steadily and rises to a peak in August, falling off again by the end of the month. It is then, as winter approaches, the business keeps on board up their stores, and a business in the south or at some other resort.

The large, well-appointed hotel in Niagara Falls such as most popular resorts have. The city expects to have one in a few years. In the meantime, the tourists are accommodated in small hotels of all grades and in private rooming houses. The latter can apparently be counted only by numbering the houses in Niagara Falls for practically every housekeeper within a mile of the Falls has a sign out. The five months of the Falls has a sign out. The five months of the Falls has a sign out. The five months of the Falls has a sign out.

Some day, Niagara Falls hopes to be a winter resort. The beauty of the ice-bound Falls and the snow-covered evergreens on the shore is regarded by many people as a more magnificent sight than the Falls in summer. Comparatively few people who work take vacations in the winter, and summer is still the popular season for marriages. But the wealthy who frequent resorts here around may soon be sought as winter residents of Niagara in winter with the added inducement of winter sports, such as skating, tobogganing, and sleighing.

The scenes in the shops bear out the story of hard times. There are plenty of people pricing and examining goods, but not so much hasty buying.

The city of Niagara Falls disclaims the idea that it exists only for the tourist. To be sure, the Falls bring many visitors with their dollars into the city. It is certain that the hardened natives of Niagara Falls do not contribute largely to the fortunes of the numerous dealers in cheap jewelry and trinkets. Yet Niagara Falls holds that as a town it is becoming increasingly significant as a manufacturing center. Its power companies are hatching Niagara to industry. Not only is it the headquarters from which large quantities of a well known breakfast food are scattered daily to a waiting world, but it has become a center of the electro chemical business, a very important industry. So far, however, the city is mostly famous to Americans at large as the place where the Falls is.

JUST FOLKS

By EDGAR A. GUEST

AUTUMN.
Trees are tinted red and gold,
And the morning air is cold.
Now the aster plants are faded,
Plainly old and worn and faded;
And the early blossoms which
Made the summer days have gone.
With the Summer days have gone,
Brown October's coming on.

Mother Nature seems to sigh
For her children, passing by.
She whose smile was always cheery
Settles back a trifle weary;
Just as all the mothers do
When the loved ones pass away.
Peace has come and she may rest,
Pride has flourished at her breast.

Now her children old and grown
Out into the world have flown.
By the wisdom of their Maker
They were nourished to forsake her;
When the first weeds buds uncured
Lives to serve the world of men,
And should journey many ways
With the brown October days.

Sad the coming of the Fall,
But the truth is all
Is the splendor and the glory
Of the old, old mother story.
Everything in God's great plan
Lives to serve the world of men,
And the harvest and the yields
Are the children of the fields.

Now they turn to wave goodbye
To the mother with a smile and cry,
And her patient eyes and tender
Mark the robes of regal splendor
Which they wear. And so she stands
Folding tired and wrinkled hands,
And the harvest and the yields
Are the children of the fields.

ON THE SPUR OF THE MOMENT

By ROY K. MOULTON

SHINGLED.
I will not take my hat off
Here, there or anywhere.
They say I lack politeness,
But really, I don't care.
I ride in elevators
And work upon my job
With my old iron Kelly.
Screwed tightly, I know.
In restaurants I keep it
Securely on my dome,
And I do not remove it
Until I reach my home.
There is a point reason
I'll tell the world for fair.
The barber's prices are so high
My wife has cut my hair.

We have seen newspaper pictures of five policemen standing on each other's shoulders and pyramided on the backs of two horses, and we have wondered how on earth they could ever catch any burglars that way.

Western woman wants a divorce because her husband insists on keeping a mess of rattlesnakes in the house. Some women are unreasonable.

Every paragraph writer in the world demands the freedom of the wheeze.

Who's Who Today

R. B. HOWELL

R. B. Howell of Omaha, Neb., chairman of a commission to study the broadcasting of market news by radio, which was inaugurated by Postmaster General Hays on April 15, 1921, has gone abroad at his own expense to inspect market news by radio in foreign countries. The postmaster general is leaving no stone unturned to give the people the best market news and the most reliable information. Howell is expected to gather all kinds of data on this subject for possible use in the improvement of America's own radio system.

Mr. Howell is a graduate of the U. S. Naval Academy. An engineer by profession, he has devoted a great deal of attention to the radio, as well as other engineering subjects. Back in 1895 he was made state engineer of Nebraska. In 1896 he was appointed by President Cleveland as a member of the board of visitors of the Naval Academy.

The other members of the commission include W. F. L. Lusk, chief specialist on information in the bureau of markets in the department of agriculture, and J. S. Edgerton, radio expert of the post office department. Market news by radio is now being tested in a standardized form at the post office department at Washington, D. C.; Cincinnati, Ohio; St. Louis, Mo.; Omaha, Neb.; North Platte, Neb.; Rock Springs, Wyo.; Elko and Reno, Nev., at certain definite periods each day.

OPINIONS OF OTHERS

Before the Day of Steam.
The stage coach was little better than a huge covered box mounted on springs. It had neither glass windows nor door, nor steps, nor doored sides. The roof was upheld by eight posts, and the body of the vehicle, and the body was commonly breast high. From the top were hung curtains of leather, to be drawn up when the day was fine and let down when it was raining. Within were four seats. Luggage was allowed to be carried free by each passenger. But if his portmanteau or his brass nail studded hat trunk weighed more he paid for it. A small dog, strapped on his back, could be taken for no charge. However, could he be permitted to take with him on the journey more than 150 pounds. When the baggage had all been weighed, the driver's seat on the right side of the stage had been attached and the way bill made out the 11 passengers were summoned, and clambering by their seats through the front of the stage, sat down with their faces toward the driver's seat. On routes where no competition existed progress was slow. "History of the People of the United States" by John E. McMaster.

THIRTY YEARS AGO
Sept. 28, 1891.—Alexander Salvini, who has a reputation of being one of the best actors in the country, will appear at the Myers Opera house tomorrow night in "Dante's Inferno." Salvini is now in the city on his departure in stage productions, in appearing in the old romantic plays. A bad earthquake was felt in parts of the Mississippi valley and the shake was felt a little in this city, Saturday night.

TWENTY YEARS AGO
Sept. 28, 1901.—A list of interesting topics has been prepared for the discussions at the monthly meetings of the Twilight club. Among them are Anarchism, Intemperance, European politics, and Science. Yet Niagara Falls holds that as a town it is becoming increasingly significant as a manufacturing center. Its power companies are hatching Niagara to industry. Not only is it the headquarters from which large quantities of a well known breakfast food are scattered daily to a waiting world, but it has become a center of the electro chemical business, a very important industry. So far, however, the city is mostly famous to Americans at large as the place where the Falls is.

Personal Health Service

By WILLIAM BRADY, M. D.
Noted Physician and Author

SO NERVOUS.
Composite complaint of a great many correspondents:
"I am so nervous—what is good for the nerves?"
It is true the human body has a nervous system as well as a circulatory system or a digestive system, and that various parts of the nervous system are subject to disorders which we call "nervousness." It is the nervous system that without question will everybody satisfied, and no diagnosis ever arrived at.

It is not true that "nervousness" accounts for any disturbance of health. It is not true that any known food or medicine or combination thereof is tonic, strengthening or building in effect on the nervous system more than on any other part of the body.

It is true that individuals and families vary greatly in their reaction to trouble and emotion. It is true that children learn from an early age to be nervous. It is true that the nervous system is a delicate mechanism which the elders have, even though the elders imagine they are concealing their defects from the world. It is true that the nervous system is a delicate mechanism which the elders have, even though the elders imagine they are concealing their defects from the world.

What is the opinion of too dancing, so far as health is concerned? (Miss B. K. Y.)
Answer—It is a good exercise for young women.

Dr. Brady will answer all "nervous" letters pertaining to health. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope in enclosure. Address: Dr. Wm. Brady, Gazette.

ASK US

(Any reader can get the answer to any question by writing The Gazette Information Bureau, Frederic J. Haskin, Director, Washington, D. C. This paper applies strictly to information. The Bureau cannot give advice on legal, medical and financial matters. It does not attempt to settle domestic troubles, nor to undertake expensive investigations. Write your question plainly and briefly and enclose two cents in stamps for postage. Give full name and address. All replies are sent direct to the inquirer.)

Q. Can the name of a farm be trademarked? D. A. O.
A. The patent office says that a trademark may be obtained for the name of a farm. If a farming operation is used in a business, the trademark protects him in its use in interstate commerce.

Q. When was the first dredge boat used? R. E. B.
A. The earliest recorded use of a dredge boat was that employed by Boulton and Watt for use on the well at Sunderland, England, in 1769.

Q. Who was the first to suffer with a day when kept in a cold place? J. K.
A. The cause of milk turning to clabber so quickly is probably that the bacteria used in making are not thoroughly sterilized. This encourages the growth of bacteria. Besides sterilizing utensils, the udders of the cow should be washed before milking, and the udders of the milk washed and dried.

Q. Is it known how London got its name? W. F. L.
A. The derivation of the name "London" is obscure. Some authorities believe it to be a combination of the old British words "lyn," meaning "fence," and "don," meaning "town," possibly because until recent times the southern side of the River Thames was a fortified swamp.

Q. How long after a will is made does it become valid? R. D.
A. A will does not become valid after any specified time. A man's last will is valid at his death.

Q. Did Corot receive high prices for his pictures, or did he die a poor man? U. M.
A. Corot, the French landscape painter, exhibited his first picture in the Salon in 1827, but it was not until nearly 20 years later that his genius as a painter was generally recognized. He was then about 50 years of age. He spent the rest of his life in various countries, and his professional income was very large, and he inherited a fortune from his father.

Q. Is it the best thing to do to control weeds on farms? C. T. A.
A. The systematic rotation of crops is the most feasible and effective means of controlling weeds. Weeds which are not common to any one crop are not so common to another, and crop rotation keeps the land from becoming foul with a certain class of weeds.

LANDLORD OUSTED FROM OWN HOUSE

Chicago.—A landlord was ousted from his own house Tuesday by the order of his tenant, Judge Edward J. Kane, of the rent court, approved the procedure.

Alexander Gerri sued John Zuccarello for possession of a flat subletted by Gerri to Zuccarello in a building owned by Gerri. Zuccarello quietly purchased the building and, in court, disclosed that he was Gerri's landlord. Gerri, whose lease runs until June 1, 1922, refused to withdraw his suit and the new landlord was ordered to vacate.

A Free Booklet On The Care of Food In The Home

Every woman should know all about the care of food in the home. She should know how to guard against damage from flies, dust, mold and everything else that will ruin her food.

If a woman is not wise and vigilant in these matters she not only risks her health, but that of all whom she serves.

Now comes Uncle Sam to help out in this important matter. A free booklet is being sent to every woman who will send for it—a booklet which gives the results of careful scientific study on the safe way to keep all kinds of food. It has many illustrations.

Send for a copy and send the name of some other woman who may not see this offer. This is a free government publication. It will secure a copy for any one who send two cents in stamps for return postage. In filling out the coupon-print name and address of the person to write plainly.

Frederic J. Haskin, Director, The Janesville Daily Gazette, Information Bureau, Washington, D. C.

I enclose herewith two cents in stamps for return postage on a free copy of the booklet, "Care of Food in the Home."

HOROSCOPE

"The stars incline, but do not compel." WEDNESDAY, SEPTEMBER 28, 1921.

During the business hours of this day caution should rule all transactions for Mars and Uranus are in evil phase. Saturn and Mercury are in benefic away in the evening.

Quarrels and dissensions will be readily precipitated during this planetary sway, and for this reason a patient and gentle attitude of mind should be cultivated.

Again there will be agitation for war in various parts of the world and the United States will be suspicious of a power that is not really friendly.

Uranus today disturbs the mind, making it open to the most discouraging suggestions. Ideas are supposed to be aided during this direction of the stars and women will be more sensitive than men to the sinister influence.

Women are warned that they will learn severe lessons through their own weakness. Business opportunities will lead many into reckless speculation and loss of money.

Uranus is in a place supposed to impart to both men and women exaggerated estimate of self.

The ego will be so insistent at this time that many organizations, including the churches, will tell the ill effects.

The death of a great scientist or inventor is again foretold. It is the augury of a very favorable year, but they must not have too large expectations. Those who are employed should be exceedingly respectful to their superiors.

Children born on this day will probably be quick-witted and able to rise rapidly in business or professional life.

(Copyright, 1921, by the McClure Newspaper Syndicate.)

Governor's Airplane Flights Peeve Solon

Baton Rouge, La.—Protest against Governor Parker's taking an airplane was made Tuesday by State Representative Dupree. Governor Parker Monday was a passenger in an airplane from here to New Orleans. Mr. Dupree sent a letter to the governor declaring the governor should not "needlessly risk" his life as the people elected him with the understanding that unless you died a natural death you would serve throughout your term.

AFTER FILM PARTIES OUR QUANTITY LITTLE SEM RESTAURANT 5 CENTS THAT

"I think I know who shot my wife, but I'm afraid to say anything for fear I'll poison my cow," said Fry Bentley, today. Miss Thelma Appleton thought that 20 years ago she never been on a typhoid train since the rates went up.

AMERICAN MINERS SLAIN BY MEXICAN

(BY ASSOCIATED PRESS.)
Washington.—Killing of two American miningmen, H. C. Smith, Vinita, Okla., and E. S. Kilsbury, Los Angeles, by a Mexican at Dolores, Mexico, was reported to the State department Tuesday by Harry B. Ott, vice consul at Chihuahua. The Americans were employed by the Dolores Mining company. Consul Ott received assurances from the governor of Chihuahua that he would send rural police in pursuit of the assailant.

BANKING BY MAIL

Every postman is out agent and will bring this bank right to your door.

No matter where you live, the mails are reliable and will deliver your deposits or withdrawals, with absolute safety and privacy.

If you carry your savings around with you, or conceal them in the home, they are not earning interest, and are constantly subject to loss by theft or fire. We cordially invite you to open an account with us.

THREE KILLED IN PHILIPPINE BATTLE

(BY ASSOCIATED PRESS.)
Manila.—A fight between a detachment of Philippine constabulary and a band of Moros at Parang, Island of Jolo, resulted in the death of a Philippine lieutenant and two Filipino lieutenants, several enlisted men and one Moro were wounded, said the dispatch.

A \$3,000 Handful of Ashes

You probably read the news item the other day about children burning up \$2500 in gold certificates, their parents' savings for many years. If the money had been put into an interest-bearing savings account, the parents would probably have, instead of a little pile of worthless ashes, over \$3,000.

Fire is only one of the things that are constantly taking hidden money. Robbers and sneak-thieves are even worse, while the owner often dies with his secret. An interest-bearing savings account in a Trust Company operating under Wisconsin laws is the SAFE place to put your money.

Pin Season Starts Wednesday -- Yanks Must Win 3 of 4

EQUALLY DIVIDED TEAMS INAUGURATE NEW BOWLING IDEA

Wednesday, Sept. 22.
West Side.

Teams Kelly Springfield vs. Allers.
Falmouth Dairy Co. vs. Gazette vs. Blue-River.
Janesville Pure Milk Co. vs. Merrick Dairy Co.
Lewis Union Suits vs. Shurtliff vs. Ice Cream.

Forty-eight pin knights, members of the City League, will bow open the 1921-22 bowling season Wednesday night. The bid will be lifted at 7:30 when the teams will step on the runways at both the West Side and East Side alleys and the first balls will be tossed down the drives scattering new wood.

After several weeks of steady preparation, the drive has been completed. The following are the men who have been placed upon the teams. The next step for each team will be to elect its own captain. The teams are: Kelly Springfield—Patterson, Hammond, Bennett, Baumann, King and Cleveland.

Graham Dairy Co.—Kitchoff, Pischner, Huerb, A. H. Hirth, E. Huerb and Frank Grove.

Gazette—M. Ryan (Lumpert); Cunningham, Triflet, Chilson, Myers and Orban. (Ryan is to bowl on this team as a substitute until Lumpert is well enough to roll, at which time Ryan will be dropped. This action was taken by the board of directors.)

Blue-River—Carmel, Robbins, G. VanDusen, Naege, Riley and Schlichter.

Janesville Pure Milk Co.—Messick, Grant, Bill McCue, Trinidad, Wootton and Moore.

Merrick Dairy Co.—Merrick, L. VanDusen, Burke, Kressin, Olson and Kelsey.

Lewis Union Suits—Cook, Helsa, Newman, Schuchter, E. Kohler and G. McCue.

Shurtliff Ice Cream Co.—Richards, Hughes, Kueck, Meade, Piro and Keeler.

It is suggested by the board of directors that each bowler report to the first man named on each team at the alleys Wednesday night. This is to avoid confusion.

\$500 For Prizes

Under a ruling made by the board in meeting Tuesday night, each team is to pay its own entrance and each bowler is to pay his own share of the cost of bowling. The prize money for each team will be \$500. The prize money for each bowler will be \$1 a night, 50 cents of which will go to the alley keepers to pay for bowling.

Prizes of \$1 for high man and 50 cents for second high will be given each night at each alley. It was decided by the board Tuesday that \$500 will be set aside this year for team and individual prizes for the season. These will be announced later, the board now working on an arrangement of prizes.

Eight teams will be sent to Madison to roll in the state tournament next spring. The league will pay the entrance fee and railroad fare for each of these squads.

GOLF STARS CLASH AT INWOOD WEDNESDAY

New York.—Jim Barnes, American open golf champion, was matched against Robert Cruikshank of Essex county, New Jersey, holder of the New York state open title, in the opening round of the professional golfers' championship tournament at the Inwood Country club Wednesday. Jack Hutchinson of Chicago, holder of the British open title, was matched against Gene Sarazen of Titusville, Fla., and Walter Hagan, western open champion, against Tom Boyd of New York.

Brooklyn at Boston.
Cincinnati at Chicago.
No other games scheduled.

Starts Picking Men to Open Blue Grid Season

Janesville high school's grid team is getting down to where the coaches will be picking their men for the season with Saturday afternoon. For the last two nights, the candidates have been singled out and a mythical team formed, which, however, may be changed before the first game of the season.

The first team so far is Townsend, left end; Casey, left tackle; Greenidge, left guard; Conroy, center; Shultz, right guard; Grider, right tackle; Crumpler, right end; Lano, left half; Stoldt, right half; Knipp, quarter and Young full. Knipp is going good as the leader of the eleven.

Of this bunch, all but four are letter men. Casey and Crumpler play.

Talking Here of Five More Bowling Leagues

Bowling is taking such a spurt here this year that it has the alley keepers scratching their heads wondering what they are going to do to accommodate all the leagues that are contemplating going into the game this year. Just glancing over the situation it is found that:

The Moose are getting ready for a six or eight team league.

The American Legion is ready to start a four team league.

The Young Women's Christian association has a girls' league and have requested use of the East Side alleys one night a week.

The Knights of Columbus are discussing a league.

There is talk at the West Side alleys of a 3-man league.

The young women are ready to go, but since the alley keepers have tentatively promised to allow to the Casey's, no answer will be given them until Saturday.

The women will get a night, that is certain. When they bowl, they have been promised that the alleys will be kept free of men in order to permit them to roll unmolested.

Legion Enters Bowling Field

Four teams will start in an American Legion bowling league, the first games to be rolled at the East Side alleys on Thursday, Oct. 6.

Corrado is busy getting out among them up with an idea of eventually getting more than four squads. He asks that all members of the legion who want to get in on the sport, phone him at Bell 596.

This is the first step in a legion program of athletics. It is also hoped to be able to form a basketball team under the management of "Mike" Field.

Other athletics will probably be followed during the winter and spring.

BARNES IN RECORD.

(BY ASSOCIATED PRESS.)
New York.—A course record of 68 was set by Jim Barnes, professional golfer, in the opening round of the professional golfers' association championship tournament.

ENGLAND IS SHORT 8,500,000 BIDDIES

(BY ASSOCIATED PRESS.)
London.—England needs 8,500,000 more hens in order to get back to the estimated consumption for 1913 of 120 eggs per person, asserts Edward Brown, secretary of the National Poultry council. Mr. Brown says that in the United States and Canada it is nearly 200 eggs per unit annually.

Daing's estimates for Great Britain, he computes that each person in England last year ate 93 eggs.

Zoo Beavers Escape Under Concrete Wall

(BY ASSOCIATED PRESS.)
New York.—You can't keep a good men down or a good beaver in. This was the conclusion reached by attendants at the Bronx zoo after six of the fat-tailed animals dug their way out of the reservation into the city.

Engineers, however, have not given up hope of restraining the runaways, who were recovered upstream and brought back to the zoo in washbottles and any other conveyance at hand. They are building an even deeper wall.

NEW MARATHON SWIM CHAMPION

Fred W. Kushmer, swimming instructor at the Tampa, Fla., Y. M. C. A. is called the new long distance swimming champion of the south by virtue of his recent victory over W. C. Burgett, veteran swimmer, at Clearwater Beach, Fla.

Kushmer completed the 10-mile swim before Burgett has finished the seventh lap of the one-mile triangular course.

Other men who still are running good for places on the first team are Seeman, McClusky, Kelly, McDermott, Maxfield, Mike Dawson and Gesteland. McDermott is showing good for quarter, Maxfield for guard and Dawson for end.

There are still enough men out for three teams. They are put through almost two hours of work each night. Kicking and catching punts, running tackles and signals have been the work of the last two days.

After the heavy work is done, the men are sent around the half mile track to take out the soreness in any muscles.

Some last year while Conroy and Young are out for football for the first time. Stoldt is a letter man who played with Monroe last year.

BRINGING UP FATHER

Elliott and Brumm Star in Badger Practice Work

Madison.—The trimming down process has started on the Wisconsin football team, in preparation for the first game of the year Saturday against Lawrence college of Appleton. Coach J. R. Richards has named 24 men out of the squad of 70, which will serve as the varsity.

The men who have received the cardinal jerseys awarded regularly are: Left guards, Roman Brumm, Delbert R. Dalgic, right guards, Gordon E. Nelson, Hans Gude; left tackles, James L. Brade, Arthur Platten; right tackles, R. L. Honfeldt, Edward G. Schenck; right ends, Gustav K. Tebbel, Merrill S. Taft; left ends, E. A. Carlson, Daniel Horne; quarterbacks, E. H. Gibson, Rolfe Williams, Ralph Gill; left half backs, George Carlson, T. S. Gould; right half backs, J. P. Woods, Alvin C. Elliott, William K. Collins; fullbacks, Captain Gay-Sundt, Hubert Perrin, Everett H. Crozier.

This squad will be added to from time to time as men on the "All-American" prove themselves of varsity caliber, according to Coach Richards.

Team Improving.
The work of the regulars has improved steadily during the past week and in shape to meet the more hardened college eleven next Saturday. A large score is looked for here.

Carlson at left end is out for the week with an injury to his leg, with Perrin, substitute full-back, also on the sick list. These are the only two injuries of the year that have proved at all serious.

The appearance of Red Weston of end run fame last year as an assistant coach has boosted the Wisconsin stock. Weston was recognized as one of the speediest and brainiest ends in the conference and will assist in whipping the end material into shape.

He is a Madison boy.

FUND FOR "MATTY" NOW TOTALS \$11,850

New York.—Testimonial fund for Christy Mathewson, former pitching star of New York Giants, who is waging a fight against tuberculosis at Saranac Lake, has reached \$11,850. It was announced Wednesday by the committee in charge.

WILSON MAY GET PURSE PLUS "BOOT"

New York.—The New Jersey boxing commission will soon revoke its order prohibiting Tex Rickard from paying Johnny Wilson, middleweight champion, the \$7,500 purse for the Labor day fight with Bryan Downey, according to reports here. He will be barred from future bouts in New Jersey, however.

Now One Dollar in EITHER Case

For One Dollar you can now have the famous Durham-Duplex razor either in a neat, sanitary case of American Ivory or in a handsome, flexible leather "kit." Your dealer will give you your choice. Browns' Win Upsets Dope, Helps Indians

(BY ASSOCIATED PRESS.)
New York.—Pitcher Urban Shocker, of the St. Louis Browns, is a man of his word. He said, he would stop the New York Yankees, and he did. Wednesday the league leaders' advantage over Cleveland in the American League was reduced to a game and a half.

The Missouri spitball twirler, who once wore a Yankee uniform, is quite satisfied with his season's work against the club that traded him to the Browns in 1918. Out of nine contests, he has pitched against the Yankees this year, he has won five of them.

Both Teams Idle.
In holding the Yankees Tuesday Shocker not only blanked them 2 to 0, holding them to five singles, but he likewise made the great Ruth go hitless in three times at bat.

Both the Yankees and the Cleveland Indians are idle Wednesday but Thursday they begin their final four games which will decide the issue in the American circuit. The Chicago White Sox are the Indians' opponents to the world's champions while New York plays three with the Athletics and one with the Red Sox.

Yanks Must Win Three.
The lead of the New York Americans over the Cleveland world's champions was cut to a game and a half Tuesday while that of the New York Nationals was shortened to three and a half games through a Pittsburgh victory. The Yankees must win three of their four games to clinch the pennant and the Giants two of their four. If the Yankees break even Cleveland would have to win all its four games to finish first. Pittsburgh faces the task of winning all its five games while New York is losing four straight.

LEITCH AND STIRLING MAY MEET AGAIN

(BY ASSOCIATED PRESS.)
New York.—One of the largest fields in history of women's national golf championships is expected to start in the 1921 titular event at the Hollywood club course, Deal, N. J., next Monday. More than 150 players have entered.

Probability of another meeting of Miss Cecil Leitch, the English and new Canadian woman champion, and Miss Alexa Stirling, holder of the United States title, is lending interest to the tournament.

Miss Edith Leitch and several other English and Canadian women will compete. The rest of the field is made up of America's leading players.

ACCIDENT HALTS TITLE POLO GAME

Philadelphia.—The final match for the national open polo championship between the Great Neck and Rodolpha Country clubs at the Philadelphia Country club Tuesday was stopped in the eighth period because of an accident to J. C. Cowdin, one of Rockaway's players.

Cowdin was badly hurt and his pony was killed. The score at the time stood eight goals to six in favor of Great Neck.

NIGHT SHOOT IS LATEST FOR GUNNERS

Pittsburgh.—A night shoot, under the glare of powerful lights, will be staged by transmitters of western Pennsylvania at the Pitcairn Gun club Thursday night. Contestants in a recent night shoot at the club turned in scores of 90 per cent and better.

Escape the Torture of a Weak Stomach

Every Stomach Sufferer Should Know of Chiropractic

There is not a person with a stomach disorder but suffers untold agony. There is not one but would give much to get well—you know that facts are startling sometimes, but this is one we must accept. This, then, is the fact—your stomach is not to blame—YOUR SPINE IS OUT OF LINE. The vertebrae or spinal bones between which passes the nerve to the stomach is tilted, and pinches that nerve (see illustration) at the point where it emerges through the spinal bone resulting in the shutting off of the life current from the spinal cord to the stomach to such a degree that the stomach is unable to perform its natural function. Release the pinched nerve and nature does the rest. Simple but sure.

Notice the illustration. You can see the philosophy of the statement. You can understand why people who think and reason for themselves seek the only known natural method of permanent relief—CHIROPRACTIC ADJUSTMENTS. Every day the Chiropractor is convincing people by actual demonstration that disease exists only where the spine is imperfect. Rheumatism sufferers, kidney sufferers, bowel sufferers, lung sufferers, those who are weak and ill in any manner have at their very door a golden health opportunity. Why procrastinate? Why put off another day? Begin tomorrow.
